About the Seminar

Department of Chemical Technology, University of Calcutta is going to organize a National Seminar on "Industrial Safety & Hazard Management in Chemical and Allied Industries" followed by Reunion during 7th & 8th January, 2017.

The national seminar is aimed to gather global experts in this area of immense importance for chemical and related industries in India. Eminent speakers will deliver lectures in this occasion. We desire to make this forum for effective interaction & exchange of ideas amongst the alumni, present students, and members of the faculty as well as distinguished participants from industries & other professions.

The department will bring out proceedings of the seminar and a souvenir on this occasion.

Venue:
Meghnad Saha Auditorium, University of Calcutta,
92, A.P.C. Road, Kolkata 700 009
