### Objective

Mathematics plays a key role in the development of various branches of science as well as in the understanding of physical world problems. We would like to hold a one day webinar on March 17, 2021, on recent advances in Mathematics with a view to provide a platform to the young researchers to learn from the veterans and rejuvenate through academic discussions with the experts of various fields of Pure Mathematics. There will be invited lectures, paper reading sessions and interactive sessions. Young researchers will get opportunity to demonstrate their own works and have suggestions from experts.

## *Participants*

Other than the invited speakers and contributors of research papers, any student/teacher/research scholar interested in mathematics may also participate in the seminar

## Call for Papers

Those who intend to present papers in the seminar are requested to send an extended abstract (not more than 2 pages including bibliography) to the **e-mail id:** seminar.pmath@gmail.com by **March 15, 2021.** The authors are requested to send the **pdf file in the prescribed format along with the tex files.** For sample format please visit the following **links:**
